AOYG30LBTA
AOYG36LBTA

AOYG45LBTA
AOYG54LBTA

Medium Static Pressure Duct Range

Feature

Automatic Airflow adjustment function

This unique and innovative function detects required air flow in each application case and automatically adjust the volume.

Feature

Improved installation flexibility

- The static pressure can be adjustable ranging from 30Pa to 200Pa in accordance with the desired applications.
- The built-in drain pump with lifting height up to 850 mm
- The standardized depth and height in the unit dimensions are helpful in capacity selections for various ceiling spaces.

Feature

High Efficiency & Energy Saving

The combination of the V-shaped heat exchanger, air stabiliser, and the high efficient DC fan motor allowed high efficiency despite of the small structural design.

Feature

Quiet operation

The low noise level is made possible by the air stabilizer which equalises the air flow speed and the air flow volume passing through the heat exchanger.

Feature

Easy operation by touch panel controller

- Large LCD display
- Background light
- Built in thermo sensor
- Display room temperature
- Set temperature limitation (High and Low)
- Weekly Timer, Set back Timer, Auto OFF timer
- Support 12 Languages
- Error code display in plain text

Feature

Improved service and maintenance

- Drain pump is easily detachable from the side
- Easy access to electrical box
- Error code can be checked more in detail from error history

Optional parts

High Grade Wired Remote Controller (Three wires) : UTY-RVNYM
Standard Wired Remote Controller (Two wires) : UTY-RLRY

Simple Remote Controller (Three wires) : UTY-RSNYM
IR Receiver Kit : UTY-LBTYM
Remote Sensor Unit : UTY-XSZX

Long life filter : UTD-LNFA (ARYG36/45/54LHTBP)
UTD-LNFB (ARYG18/24/30LHTBP)
UTD-LNFC (ARYG12/14LHTBP)

External input and output PCB : UTY-XCSX
External connect kit : UTY-XWZXZG / UTY-XWZXZ3
External input and output PCB bracket : UTZ-GXNA

Feature explanation

Economy mode : Thermostat setting automatically changes according to the temperature to avoid unnecessary cooling and heating.

Room temperature set point limitation : The minimum and maximum temperature range can be set giving further energy saving while considering the comfort of the occupants.

Set temperature auto return : The setting temperature automatically returns to the previously set temperature.

Auto-changeover : The unit automatically switches between heating and cooling modes based on your temperature setting and the room temperature.

Automatic fan speed : The micro-computer automatically adjusts the airflow effectively to follow the changes of room temperature.

Auto restart : In the event of a temporary power failure, the air conditioner will automatically restart in the same operating mode as before, once power supply is restored.

Connectable fresh air duct : Outside air can be introduced by attaching field supplied duct to fresh air knockout and optional part.

Auto off timer : Automatically stops operation when a fixed time has elapsed from the start of operation.

Weekly timer : Different ON-OFF times can be set for each day.

Filter sign : Indicates the filter cleaning period by lamp.
